# GROUP CLASSES OVERVIEW

## Aerobics (Including Aerobic Gold and EasyBeat)

Sound scary? Anyone can do our Aerobics classes! We have different levels of difficulty with specialist instructors that will look after you and make sure you feel comfortable and have fun! Aerobic classes will cater for multiple levels of fitness, with a high impact and low impact option. The music is faster and some prior experience expected

**Aerobics Gold** is the Aerobic learning class. The music is slower and you learn the basic moves and what they are called. Totally low impact.

**Easybeat** is the next step up. It is still low impact, however the music will be a little faster than Aerobics Gold and there is some expectation that you have some "Aerobic class" skills.

## Aqua

Fun in the water! This joint-friendly water class will have you moving around the pool like you never thought you could and have fun at the same time! Great for those of us who love water!

## Body Sculpt

This class focuses on trunk stability for the best back care and core stability and introduces you to wonderful therapeutic breathing. Ask at Reception for more information.
