GROUP CLASSES OVERVIEW

Aerobics (Including Aerobic Gold and EasyBeat)

Sound scary? Anyone can do our Aerobics classes! We have different levels of difficulty with specialist instructors that will look after you and make sure you feel comfortable and have fun! Aerobic classes will cater for multiple levels of fitness, with a high impact and low impact option. The music is faster and some prior experience expected

Aerobics Gold is the Aerobic learning class. The music is slower and you learn the basic moves and what they are called. Totally low impact.

Easybeat is the next step up. It is still low impact, however the music will be a little faster than Aerobics Gold and there is some expectation that you have some "Aerobic class" skills.

Aqua (Delivered during the Summer Season)

Fun in the water! This joint-friendly water class will have you moving around the pool like you never thought you could and have fun at the same time! Great for those of us who love water!

Body Sculpt

Build muscle, strengthen bones and release fat with Body sculpt! This strength class working to music will have you toned and ready for anything with its fun music and energetic leaders.

If you have not attended the Saturday Pilates class before, you need to have a 30 minute Personal Training session to learn the basics before attending the class.

See Reception to book your appointment.
