To provide theoretical, technical education.</p> <p>1 x 3 hour session</p> <p>Total cost \$55</p>	<p>Purpose: To provide theoretical education about the muscles in the pelvic floor and their importance, how to look after them and practical exercise application to help build or maintain pelvic floor integrity.</p> <p>3 Week Course</p> <p>Total cost \$55</p>	<p>Purpose: To provide theoretical education about the conditions of osteoporosis and sarcopaenia and to teach practical application of exercise to reduce risk or help maintain bone density and muscle mass.</p> <p>1 x 3 hour session</p> <p>Total cost \$55</p>	<p>Purpose: To provide theoretical and practical education about incontinence, symptoms of prostate cancer, and pelvic floor training pre and post prostate surgery. Make a man aware about his pelvic floor muscles and how to use them to prevent future problems or help him to face an operation.</p> <p>1 x 3 hour session</p> <p>Total Cost \$55</p>	<p>Purpose: To provide theoretical education about the underestimated chronic pain syndrome. How to deal with the psychological effects and understand the difference between the most common acute pain and the Chronic pain.</p> <p>1 x 3 hour session</p> <p>Total Cost \$55</p>

SPECIALTY CLASSES are designed to give members and non-members opportunities to:

- Learn more about particular conditions,
- Understand best practice/lifestyle modification and exercise
- Develop skills to be able to put the knowledge into practice.

SPECIALTY CLASSES are designed to provide the general community with access to the Green Apple educational services to expand their understanding of the role of tailored physical activity in managing multiple conditions. And to enable Green Apple clientele access to extra services to help increase their knowledge and understanding of other aspects of certain conditions and gain maximum benefit from their journey within the Green Apple.
